

BOY SCOUTS  
OF AMERICA®  
MIAMI VALLEY COUNCIL

## Miami Valley Council Boy Scouts of America

### Mandatory Training Requirements

Training and trained leaders is fundamental to strong Scout units. Despite position-specific training being available on-line for all positions, these trainings being a one-time training for the leaders, and the Training Committee and District Training Chairs trying to work with units to get leaders trained, the Position-Specific Trained percentages for trained leaders in the Miami Valley Council continues to run between 46% - 52% per Central Region records. Miami Valley Council Boys Scouts of America has agreed to make training required. This mandatory training requirement will be rolled in over a 3-year period as outlined below.

**Miami Valley Council will require position-specific training for all adult leaders. This requirement will be tied to the annual recharter and will be phased in over a 3-year period as follows:**

**2021 – The Training Committee and Miami Valley Council will introduce the requirement to all units through The Messenger, Roundtables, and District Training Chairs.**

**2021-2022 – For the recharter period from October 2021 thru January 2022, the key 3 of each unit (Charter Organization Representative, Scoutmaster/Cubmaster/Crew Advisor/Exploring Advisor, Committee Chair) will be required to have documented completion of their specific training.**

**2022-2023 – For the recharter period from October 2022 thru January 2023, the key 3 of each unit, plus Assistant Scoutmaster/Assistant Cubmaster, Den Leaders/Assistant Den Leaders/Crew Associate Advisors/Exploring Associate Advisors will be required to have documented completion of their specific training.**

**2023-2024 – For the recharter period from October 2023 thru January 2024, all the above leaders, plus all Committee Members will be required to have documented completion of their specific training.**

If a leader feels he/she cannot complete the training before recharter submission, the leader must contact their District Training Chair to work out a plan for completion. Once that plan is developed the District Training Chair will contact the Council Training Chair for approval. If approved the Council Training Chair will notify the District Executive and the charter can be approved. Should the Leader not complete the training as planned, or not before the next recharter, he/she will not be able to recharter in that position the next year.

The required trainings are available on-line at [my.scouting.org](https://my.scouting.org) and can be found in the training catalog. At completion of the training, the leader should print the certificate for their records. Documentation of completion will be visible to the District and Council Training Chairs under training records. In-person trainings can also be scheduled by contacting [training@miamivalleybsa.org](mailto:training@miamivalleybsa.org). The following is a list of the required trainings:

<b>POSITION</b>	<b>MY.Scouting Training Module</b>	<b>TIME</b>
